AMERICAN OXFORD DOWN RECORD ASSOCIATION

The auunal meeting of the American Oxford Down Record Association wa held in Record biulding, Chicago, Wednesday evening, December 2, 1908. President Stone in the chair. The secretary reported that during the past year 3921 pedigrees and 754 transfers had been registered. 23 shares of Capital Sotck had been sold, and $480.00 paid in special prizes to Oxfords at State and Provincial Fairs, with Guelph Winter Fair, and perhaps a few State Fairs to be heard from. A. L. Wright, J. S. Breese and W. A. McKerrow were appointed to examine the treasurer's report. While this committee was out, the president called for short talks from members on the condition of the Oxford trade during the past year and for suggestions for the good of the association. Mr. McKerrow stated that in buying sheep of several breeds in England last summer, he found the Oxford breeders were more independent than any other. They said to him, ''If you do not wish to pay our prices, we can send our sheep to the Swedes, the Norwegians, the Germans, French, Australians and South Americans at our figures.''

Border Leicester breeders said the Oxfords were making great inroads on their territory, and he said that in this country Oxford sales had been very good; that he and president Stone had sold rams to A. J. Knollin, and that Mr. Knollin said that Oxford lambs from these rams and western ewes sold for 60 cent a head more in the Chicago market than any other, and that he is now using 200 Oxford rams, some of them imported, on his range flocks in Idaho.

Dr. Miller said that without much advertising the Oxfords were sold out clean in Michigan, and breeders of other kinds were dropping them and taking up the Oxfords. Other breeders reported good sales during the past year.

Mr. Waterbury said that experienced men should be made a part of the committee for the promotion of the breed, and that the association should go to considerable expense in bringing out displays where they would do the most good.

Col. Burch reminded the association that they hould incorporate a resolution on the wool tariff in the report of the meeting.

On motion Mr. George McKerrow was appointed to draw up this resolution which was adopted:

RESOLVED by the American Oxford Down Record Association, in annual meeting assembled, that we do hereby memorialize Congress to not disturb the conditions of the sheep and wool producing industry of this country by any reduction of the present tariff on wool, and further that we ask that this present schedule be properly applied.

The question of special prices for 1909 was left to the executive committee. This committee had decided to offer $500.00 to Oxfords at the Alaska-Yukon Pacific Exposition next year.

The secretary reminded the committee that early action must be taken because many State and Provincial Fair associations must have our announcement as early as February in order to get it in their premium list

The secretary read letters from Oxford breeders and from Fair associations on the Pacific coast, stating that the Oxford was gaining in popularity there faster than any other breed of sheep.

On motion the secretary was instructed to let the contract for printing 700 copies of Volume 11, to the lowest responsible bidder.

On motion, the time for registering lambs at the reduced rate was extended from July 1st, to December 1st, of **the year following the year of birth.**

On motion Mr. Stone was recommended to judge Oxford's at the Alaska-Yukon Pacific Exposition.

The following officers were elected: President, R. J. Stone, Stonington, Ill.;vice-president, I. R. Waterbury, Highland, Mich.; directors for two years: Dr. B. F. Miller, Flint, Mich.; W. A. McKerrow, Pewaukee, Wis.; Secretary and treasurer, W. A. Shafor.

Annual Meeting 1909 — November 30, 1909 Chicago, Ill.

AMERICAN OXFORD DOWN RECORD ASSOCIATION

The annual meeting of the American Oxford Down Record Association was held in Record building, Chicago, Illinois, Tuesday evening, November 30, 1909.

President Stone in the chair.

The chair appointed a committee to examine the treasurer's report, which

The secretary read the minutes of the last meeting, which were approved.

showed a balance of $1,419.21 on hand.

Members reported a very successful year with Oxfords.

Mr. A. J. Knollin, in applying for membership to the association said he had been carrying on an experiment with Oxfords for three years on the range, and found thm to be a very useful sheep there. The car of range lambs which he now has in the yards are said by many to be better than the natives. He had 2100 lambs this year. They should have been put on feed earlier, but he feared to get them too large. They were last April lambs and weighed here 110 lbs. He is in a very productive valley in Idaho, where produce must be sent out on foot; and finds this the most profitable way to market it. Mr. Knollin had the largest Shropshire flock in America, but is dividing up his flock and establishing an Oxford flock, and is now using 130 Oxford rams.

President Stone said it was a great pleasure to him to know that he had been the instigator of Mr. Knollin's Oxford experiment. Mr. Knollin then bought some Oxford rams from Mr. McKerrow, and has since bought a number of imported rams from him.

Dr. Miller moved that Mr. Knollin's application for membership be accepted, and that the $10.00 which was awarded to his yearling Oxford ewe at the Idaho Inter-Mountain Fair apply on his membership fee, these Oxford specials being confined to members of the association, and Mr. Knollin not being a member at the time of that exhibition, the money had not been paid to him.

Mr. Knollin thanked the association for the compliment, and stated that the outlook for the Oxford was very bright in the West. He could have sold ten times as many rams as he had for sale this year.

Prof. Frank Kleinheinz of Wisconsin University said this year's was his first experience in feeding an Oxford wether. Had experimented with ewes, but thought it necessary to buy an Oxford wether for experiment and instruction of students. Had put this lamb with other breeds and he did remarkably well, and won in class here; and they have decided to establish a flock of Oxfords at the Wisconsin Experiment Station.

Mr. Knollin said that Prof. Kleinheinz could go into his pen here at the yards and pickout a grade Oxford-Rambouillet lamb for experimental purposes, if he wished to do so.

The offer was accepted

Prof. Kleinheinz stated that the object of these experiments is not to boom any breed, nor simply to win prizes at these shows; but the main object is to give the public the benefit of them

Dr Miller stated that Michigan breeders have had a very successful year.

Mr. Webster, a Merino man from Vermont, being called upon for a few remarks, said he did not come in to talk; but by what he had heard here was reminded of the story of the Englishman, the German and the Irishman who wished to be very complimentary. The Englishman said if he wasn't an Englishman he would prefer to be German; the German, following suit, said if he wasn't a German he would be an Englishman; but the Irishman said if he wan't an Irishman he would be ashamed.

Mr. Webster complimented the Oxford breeders on their enthusiasm, and said that if he didn't feel as sheepish as any man present, he should certainly be ashamed of himself; and that an Oxford cros on Merinos would get more mutton and as much wool.

Mr. Knollin said he had crossed Oxfords and Shrop rams on Rambouilett ewes, and had les trouble with Oxfords at lambing time.

Mr. Porter of Ohio said that his experience was that with pure bred sires the off spring would be smaller at birth, and therefore easier on the female than those by scrubs or grades.

Mr. DeGarmo said some 17 or 18 years ago the majority of flocks in his neighborhood in Michigan were Merinos; but that Oxford rams had been used with no trouble.

Mr. McKerrow asked if Canadian breeders registered all Oxfords with this association.

The secretary stated that none of the Canadian breeders who began registering with this association had left it, and that new members were coming in each year; and that Canadian breeders were apparently well satisfied with this association and only registered in the Canadian Record when compelled to do so in order to get reduced rates in shipping or in consigning sheep to the Dominion Government sales.

The secretary stated that at some State Fairs where Oxford specials were offered the Oxford breed was not givn as much money by the Fair association as was given to other breeds of sheep.

Mr. McKerrow said we should state in our Special Prize Announcement that the Oxford breed should be made equal to other breeds or no specials would be offered by this association.

Dr. Miller moved that the same amount be offered in special prizes to Oxfords at State and Provincial Fairs next year as was offered this year, namely, $45.00 at each fair. Carried.

Mr. Knollin stated that three years ago a sheep show had been inaugurated in connection with the National Wool Growers association, and suggested that this Association offer a cup for best exhibit of Oxfords at the meeti this association at Ogden, Utah, January 6th, 7th and 8th.

Mr. DeGarmo moved that this Association offer a cup at Ogden; $25 the next International, and $55. at Guelph Winter Fair.

Mr. Knollin said that he would suggest to the National Wool Gr Association that this Association, in consideration of our having offered a c Ogden, be taken in as a member of that Association.

Dr. Miller moved that the time for registering lambs at 50 cents b tended from December 1st to December 31st of year succeeding year of Carried.

Mr. Porter asked if all specials offered at State Fairs were confin the State, and was answered they are.

On motion it was resolved that a vote of thanks be tendered Sir. Ri Cooper for the elegant silver cup offered by him for the best exhibit o fords at the International Show.

The following officers were elected: R. J. Stone, Stonington, Ill., dent.; I. R. Waterbury, Highland, Mich., vice-president.; directors for two y J. C. Williamson, Xenia, O., and Henry Arkell, of Arkell, Ont.; secretary treasurer, W. A. Shafor, Hamilton, Ohio.

Adjourned to meet in Chicago December, 1910.
